

Linh Le

Full-stack Web Developer

Graduated as a driven full-stack web developer from Helsinki Business College with hands-on experience as a full-stack web developer at Druid Oy. My expertise including JavaScript, TypeScript, Python, PostgreSQL, React and Nodejs. I am currently in search of a dynamic role as a Full-stack Developer, where I can leverage my skills to contribute to and create innovative website solutions.

WORK EXPERIENCE

Full-stack Web Developer

Druid Oy

03/2024 - 05/2024

Helsinki, Finland

A consultant company specializing in high-performance and long-lasting digital solutions using Drupal and other open source technologies.

Achievements/Tasks

- Built a user interface with React and developed backend systems using PHP and Symfony for a digital signature service.
- Enhanced error handling and data security on the Symfony backend, and documented API responses for React integration.

Toni Nissinen - toni.nissinen@druid.fi - 040 509 7130

Front-end Web Developer

Kassavirtanen Oy

01/2024 - 03/2024

Helsinki, Finland

A consultant company specializing in digital financial solutions through React and .Net frameworks.

Achievements/Tasks

- Developed responsive, user-friendly web applications using Redux and ReactJS for financial management services, ensuring high performance and cross-browser compatibility.

Front-end Web Developer

Siltatel Oy

12/2022 - 05/2023

Helsinki, Finland

A company specializing in SIM card/eSIM for IoT devices.

Achievements/Tasks

- Integrated RESTful API endpoints to fetch and manipulate data for remote SIM service portals, optimizing backend communication and system efficiency.
